

Guidelines for case presentations

The topic of the EPSOS meeting 2016 will be “**Class III Malocclusion**”. No restrictions are set on the type of treatment to be presented (functional orthodontics, fixed orthodontics, orthodontic-surgical treatment, etc..).

The presenting author must be a **member of the EPSOS**.

The presentation time should **not exceed 15 minutes** (2-3 min introduction + 12-13 min case presentation).

Introduction: the presenting author should use the first few slides to introduce the presenter’s department and describe the structure of her/his postgraduate program. The presenter is committed to use the slides/template developed by the EPSOS Council for the major part of the introduction. This introduction may not exceed 5 minutes.

Case presentation: The presenter is committed to follow the guidelines. The presentation should be prepared on Microsoft Power Point. The format provided by the EPSOS is not mandatory.

The case presented should be at least in the finishing stage, but should preferably be finished (after fixed appliance).

Failure and transfer cases are permitted, but the case should be substantially treated by the presenting postgraduate student. All treatment decisions and

treatment rationale should be very well known by the presenting student as no teachers or tutors are allowed to take part to the meeting.

The Case Presentation must be structured in the following way:

1. PRE-TREATMENT ASSESSMENT; 2. EXTRA-ORAL EXAMINATION AND PHOTOGRAPHS; 3. INTRA-ORAL EXAMINATION AND PHOTOGRAPHS; 4. PRE-TREATMENT CEPHALOMETRIC ANALYSIS (ONLY RELEVANT DATA); 5. TREATMENT GOALS; 6. TREATMENT PLAN; 7. PHOTOGRAPHS OF TREATMENT PROGRESS; 8. POST-TREATMENT TREATMENT RADIOGRAPHS (if possible); 9. POST-TREATMENT EXTRA-ORAL PHOTOGRAPHS (if possible); 10. POST-TREATMENT INTRA-ORAL PHOTOGRAPHS (if possible); 11. POST-TREATMENT CEPHALOMETRIC ANALYSIS (if possible); 12. POST-TREATMENT EVALUATION AND PROGNOSIS;

Please remember that NO announcements of commercial interest are permitted in the presentations (e.g. appliance designs, courses, flyers etc.).
